

BIN-10x50

TACTICAL DAYTIME HANDHELD BINOCULAR

GENERAL FEATURES

BIN-10×50 is a military-grade binocular designed specifically for outdoor use, delivering clear images, a wide field of view, and high durability. Featuring 10× magnification and 50mm objective lenses, it provides detailed long-range observation, making it ideal for both stationary surveillance and tracking moving targets.

Equipped with multi-coated optics for natural color reproduction and high contrast, the BIN-10×50 offers excellent image quality in a wide range of environments. Its waterproof construction and durable natural rubber armor provide superior protection against impacts and harsh environmental conditions. The optical system is nitrogen-purged to prevent internal fogging, ensuring reliable performance under varying weather conditions. With its ergonomic, non-slip body design, the BIN-10×50 is an ideal solution for patrol, reconnaissance, border security, and general military applications.

SPEC SUMMARY

Usage	Handheld
Objective Lens Diameter	50mm
Optical Magnification	10X
Field of View	6.5°
Eye Relief	20mm
Prism Type	Porro Prism
Diopter Adjustment	+5D ~ -5D

MAGNIFICATION
10X

WEIGHT
<1150g

DIMENSIONS (mm)
185 x 202 x 66

Actual performance may vary depending on atmospheric conditions, temperature, humidity, fog, precipitation, and other environmental factors.
A tolerance of ±10% applies to all parameters.
